STAT

General Smith has asked me to acknowledge with thanks your letter of 13 January. He appreciated hearing from you again but regrets that he is unable to assist you in obtaining a Government position in or near Cheyenne, Wyoming. In his present position, he has no jurisdiction over any Government office other than the Central Intelligence Agency and unfortunately, this Agency has no activities in the Cheyenne area in which your experience and abilities could be profitably employed.

Sincerely,

/s/
